

# The Cluster MEDEE

Motors and Electrical Devices for Energy Efficiency

Collaborative R&D Projects – Market Innovation – Electrical Engineering

# Cluster MEDEE

A French network gathering companies (SMEs & large groups) and laboratories around collaborative R&D projects.

## Cluster MEDEE: Services

**Boost R&D&I through collaborative R&D projects  
by creating and promoting a community**

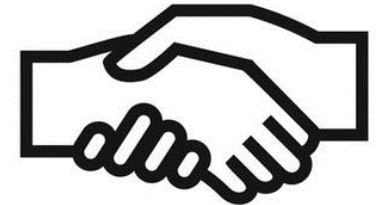

Promoting their  
skills,  
infrastructures,  
technological  
platforms,  
projects

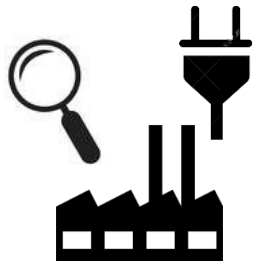

Seeking the right  
financing  
solutions

Project Monitoring &  
Labelling Committees  
(industrial, academic)

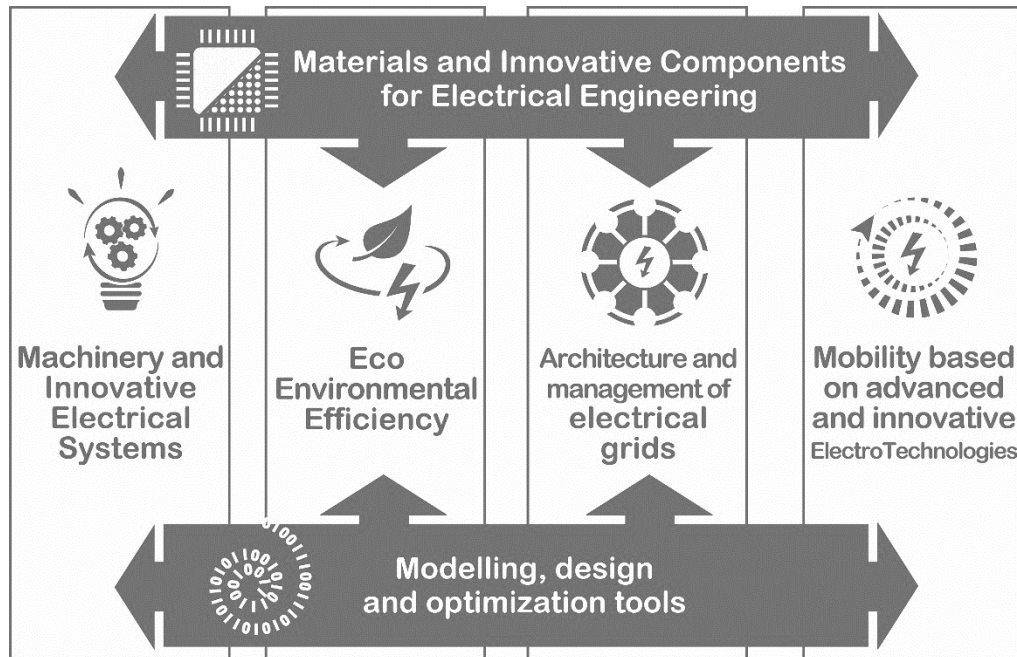

Getting in  
contact with  
each other  
around projects

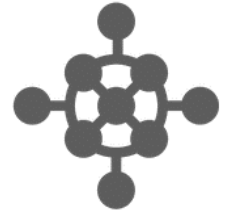

Being aware of scientific,  
technological and market trends

# Cluster MEDEE: R&D axes & Target Markets

**Electricity  
Generation  
from RES**

**Smart  
Transmission  
System**

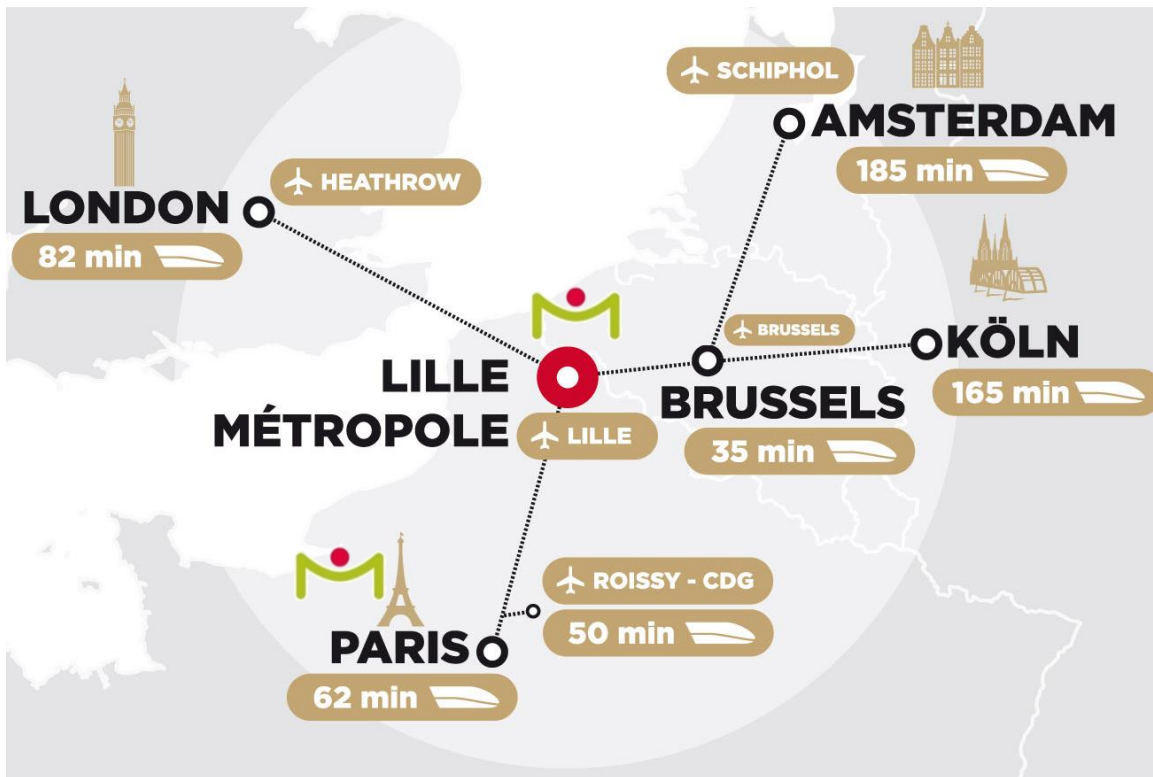

**Industrial  
Processes  
Energy  
Efficiency**

**Transports**

## Contact us!

MEDEE is strategically located at the **heart of Europe** in the European Metropolis of **Lille & in Paris**

**Paul DUCASSE**
